CASH-IN-TRANSIT PROTECTION

Shock Cash Caddy

Small Cash Caddy -Leatherette

Large Cash Caddy -Injection moulded Polypropylene

APPLICATION: Ideal for cash pickups and deliveries to protect cash and valuables whilst in transit or storage in or between office, vehicle and bank.

The Cash Caddies offer an extremely effective, non-lethal 50,000 –volt shock as deterrent, conducted through handle and all sides of the caddy which forces the criminal to let go. An ear-piercing siren is simultaneously triggered to attract unwanted attention.

Used by: Security Contracting Companies, Bank Consortiums, Corporate/Private Businesses and jewelry industry.

Features Include:

- Solid durable constructed cases covered in black leatherette or Injection moulded Polypropylene containers.
- Powder coated metal sleeve for fitment in office, vehicle, home etc.
- Pre-set long range remote control (50-100 metres) or Optional backup wrist strap activation outside sleeve.
- High voltage tested non-lethal, extremely effective shock all round the caddy including handle.
- Ear piercing Siren to attract unwanted attention.
- Standby shock and siren when in sleeve to prevent tampering or unauthorized entry.
- Non-return money slot (only -Small Cash Caddy)
- Optional: Anti-tamper protection in lid
- Optional: Colour smoke and dye pack
- Fully rechargeable complete with plug-in charger.
- Fully warranted in accordance with Force manufacturing warranty.
